THEEKSHANA DULANJANA

INTERN UX/UI ENGINEER

theekshanadulanjana35@gmail.com | +94 552 6761 | Portfolio

theekshanadulanjana | dulanjana | TheekshanaDulanjana

Creative Final Year IT Undergraduate focused on UI/UX design, prototyping in Figma, and accessibility. Skilled in React and Astro to build seamless, user-centered journeys. Eager to leverage user research skills to solve complex challenges as an Intern.

Experience

Intern UI/UX Engineer (Part Time) September 2025 - Present

Glamer Media

- Designed low/high-fidelity wireframes, interactive prototypes, and reusable design system components using Figma to enhance user experiences.
- Developed responsive interfaces with React, Astro, Tailwind CSS, and WordPress.
- Ensured seamless developer handoffs and user-focused workflows through collaborative feedback and structured documentation.

Assistant Cameraman (Part Time) December 2022 - Present

Studio VisualFx (Pvt) Ltd

- Supported studio and outdoor video production by managing camera and lighting equipment.
- Assisted in photo selection and basic editing to ensure high-quality visual standards.

Projects

Agentic Platform Facilitating Career Readiness through CV-Job Matching and Mock Interview Coaching. Ongoing

- Building an AI-driven recruitment system using a Multi-Agent framework to improve graduate employability.
- Utilizing specialized AI agents to extract skills from CVs, provide fair candidate rankings, and identify specific skill gaps.
- Integrating an automated interviewer agent that conducts realistic, company-specific mock interviews with personalized feedback.

UniBoard.lk | Boarding Finding System June 2024 - November 2024

- Role: UI/UX Designer & Full-Stack Developer.
- Built a full-stack platform using MongoDB, Express, React, Node.js, and Tailwind CSS.
- Gained hands-on experience in Redux, Firebase authentication, and dynamic listings.
- Focused on integrating complex backend logic with responsive frontend designs for a high-performance user experience

Randula Jey Photography May 2025

- Developed a responsive photography portfolio using React.js and Tailwind CSS, focusing on clean UI/UX and performance.
- Gained experience in integrating Google Analytics, reCAPTCHA, and SEO best practices to optimize user insights, security, and search visibility.

IEEE CS KDU Official Website March 2025

- Independently built the official IEEE CS KDU website using React and Tailwind CSS.
- Focused on performance optimization, SEO, and creating an easy-to-manage structure to ensure a seamless and efficient user experience

Education

BSc (Hons) in Information Technology 2023 – Present

General Sir John Kotelawala Defence University

G.C.E Ordinary Level | G.C.E Advanced Level 2008 - 2021

ST/Thomas' College - Matara

Technical Skills

UX/UI Design & Prototyping: User Research, Interaction Design, Visual Design, High/Low-Fidelity Prototyping (Figma)

Frontend Development: HTML, CSS, JavaScript, Next.js, React.js, Astro, Tailwind CSS

Backend & Databases: Node.js, Express.js (MERN), MongoDB, Firebase, SQL, PostgreSQL, REST APIs, Firebase Auth

Tools & Platforms: Git, GitHub, Git Bash, Photoshop, Illustrator, Premiere Pro, vMix

Research Publication

Digital Interpretation in Sri Lankan Heritage: A Review of Augmented Reality's Potential and Gaps January 2026

6th Student Research Symposium - KDU

Achievements

Merit Award – SLIIT CODEFEST Inter University Designathon September 2025

Sri Lanka Institute of Information Technology

Volunteering

Secretary | Design Team Lead March 2023 - Present

CSSL GenZ Chapter of KDU

WebMaster | Design Team Member March 2024 - February 2026

IEEE Computer Society Student Branch Chapter of KDU

National Information Technology Conference (NITC) November 2024 | October 2025

Organizing Committee Member
