---

Final-year IT undergraduate and UX/UI design intern with hands-on experience across the full product design lifecycle from user research and information architecture to high-fidelity prototyping, accessible design, and developer handoff. Skilled in Figma-based prototyping and design systems, with the front-end ability (React, Astro, Tailwind CSS) to understand engineering constraints and design with implementation in mind. Looking to bring a user-centered, detail-driven design process to a product team.

EXPERIENCE

Intern UI/UX Engineer (Part Time)
September 2025 - Present

Glamer Media

- Design low- to high-fidelity wireframes and interactive prototypes in Figma, building reusable design system components that improve UI consistency and speed up development handoff.
- Translate approved designs into responsive, production-ready interfaces using React, Astro, and Tailwind CSS, working closely with developers to bridge design and engineering
- Run structured feedback and documentation cycles with stakeholders to keep workflows user-focused and handoffs friction-free.

Assistant Cameraman (Part Time)
September 2025 - Present

Studio VisualFx (Pvt) Ltd

- Support studio and on-location video/photo production, applying a strong eye for composition, lighting, and visual detail that carries directly into UI craftsmanship

PROJECTS

Agentic Platform Facilitating Career Readiness through CV-Job Matching and Mock Interview Coaching. (Ongoing)

- Developed an AI-driven Multi-Agent recruitment system for CV analysis, skill extraction, and fair candidate ranking.
- Built AI agents for skill-gap identification and company-specific mock interviews with personalized feedback.
- Designed an explainable AI feedback workflow for transparent candidate evaluation and employability improvement.

UniBoard.lk | Boarding Finding System

- Role: Full Stack Developer & UI/UX Designer
- Developed a full-stack platform using MongoDB, Express, React.js, Node.js, and Tailwind CSS.
- Obtained hands-on experience in Redux, Firebase authentication, and dynamic listings.
- Focused on integrating complex backend logic with responsive frontend designs for a high-performance user experience

Randula Jey Photography

- Designed and developed a responsive photography portfolio (React, Tailwind CSS) with a clean visual hierarchy that puts client work front and center.
- Implemented SEO best practices, Google Analytics, and reCAPTCHA to improve discoverability and protect form submissions.

IEEE CS KDU Official Website

- Independently designed and built the chapter's official site (React, Tailwind CSS) with an easy-to-manage structure for a non-technical committee.
- Optimized site performance and SEO, improving search visibility for chapter events and initiatives.

EDUCATION

BSc (Hons) in Information Technology
2023 – Present

General Sir John Kotelawala Defence University

G.C.E Ordinary Level | G.C.E Advanced Level
2008 - 2021

ST/Thomas' College - Matara

TECHNICAL SKILLS

- UX/UI Design: User Research, Information Architecture, Interaction Design, Wireframing, High/Low-Fidelity Prototyping, Design Systems, Usability Heuristics,
- Front-End Development: HTML, CSS, JavaScript, React.js, Next.js, Astro, Tailwind CSS
- Backend & Databases: Node.js, Express.js, MongoDB, Firebase, SQL, PostgreSQL, REST APIs, Firebase Auth
- Tools & Platforms: Figma, Stitch, Lovable, Git, GitHub, Git Bash, Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro, vMix

RESEARCH PUBLICATION

Digital Interpretation in Sri Lankan Heritage: A Review of Augmented Reality's Potential and Gaps

6th Student Research Symposium - KDU

ACHIEVEMENTS

Merit Award – SLIIT CODEFEST Inter University Designathon

Sri Lanka Institute of Information Technology

VOLUNTEERING

Secretary | Design Team Lead

CSSL GenZ Chapter of KDU

Webmaster | Design Team Member

IEEE Computer Society Student Branch Chapter of KDU

National Information Technology Conference (NITC)

Organizing Committee Member
