---

Final Year IT Undergraduate with a strong foundation in Full-Stack Development and UI/UX principles. Experienced in building responsive, high-performance web applications using React.js, Next.js, and Astro. Skilled in bridging the gap between clean design and scalable code to deliver seamless user journeys. Seeking a Software Engineering Internship to apply technical expertise in the MERN stack and Python to real-world projects

EXPERIENCE

Intern UI/UX Engineer (Part Time)
September 2025 - Present

Glamer Media

- Architected low/high-fidelity wireframes, interactive prototypes, and reusable design system components using Figma to enhance user experiences.
- Implemented responsive interfaces with React, Astro, Tailwind CSS, and WordPress.
- Ensuring seamless developer handoffs and user-focused workflows through collaborative feedback and structured documentation.

Assistant Cameraman (Part Time)
December 2022 - Present

Studio VisualFx (Pvt) Ltd

- Managed studio and outdoor video production by managing camera and lighting equipment.
- Assisted in photo selection and basic editing to ensure high-quality visual standards.

PROJECTS

Agentic Platform Facilitating Career Readiness through CV-Job Matching and Mock Interview Coaching. (Ongoing)

- Building an AI-driven recruitment system using a Multi-Agent framework to improve graduate employability.
- Utilizing specialized AI agents to extract skills from CVs, provide fair candidate rankings, and identify specific skill gaps.
- Integrating an automated interviewer agent that conducts realistic, company-specific mock interviews with personalized feedback.

UniBoard.lk | Boarding Finding System

- Role: Full Stack Developer & UI/UX Designer
- Developed a full-stack platform using MongoDB, Express, React.js, Node.js, and Tailwind CSS.
- Obtained hands-on experience in Redux, Firebase authentication, and dynamic listings.
- Focused on integrating complex backend logic with responsive frontend designs for a high-performance user experience

Randula Jey Photography

- Developed a responsive photography portfolio using React.js and Tailwind CSS, focusing on clean UI/UX and performance.
- Obtained experience in integrating Google Analytics, reCAPTCHA, and SEO best practices to optimize user insights, security, and search visibility.

IEEE CS KDU Official Website

- Independently built the official IEEE CS KDU website using React and Tailwind CSS.
- Optimized system latency and SEO rankings and creating an easy-to-manage structure to ensure a seamless and efficient user experience

EDUCATION

BSc (Hons) in Information Technology 2023 – Present

General Sir John Kotelawala Defence University

G.C.E Ordinary Level | G.C.E Advanced Level 2008 - 2021

ST/Thomas' College - Matara

TECHNICAL SKILLS

- UX/UI Design & Prototyping: User Research, Interaction Design, Visual Design, High/Low-Fidelity Prototyping
- Front-end Development: HTML, CSS, JavaScript, Next.js, React.js, Astro, Tailwind CSS
- Backend & Databases: Node.js, Express.js, MongoDB, Firebase, SQL, PostgreSQL, REST APIs, Firebase Auth
- Tools & Platforms: Git, GitHub, Git Bash, Photoshop, Illustrator, Premiere Pro, vMix

RESEARCH PUBLICATION

Digital Interpretation in Sri Lankan Heritage: A Review of Augmented Reality's Potential and Gaps

6th Student Research Symposium - KDU

ACHIEVEMENTS

Merit Award – SLIIT CODEFEST Inter University Designathon

Sri Lanka Institute of Information Technology

VOLUNTEERING

Secretary | Design Team Lead

Sri Lanka Institute of Information Technology

Webmaster | Design Team Member

IEEE Computer Society Student Branch Chapter of KDU

National Information Technology Conference (NITC)

Organizing Committee Member
